

History Action Plan 2024/5

Intent	Implementation	Impact	Updates/ date
To ensure that history teaching and learning is of a high standard across the school and that there is clarity of planning the sequencing of history lessons	Monitoring of history through looking at planning, learning walks, book looks , pupil and staff voice	Pupils' learning will be impactful and will develop their skills as they go through the school	
To ensure that children are able to talk about their learning in history using vocabulary taught and practised in lessons	Check that pupils are aware of the correct vocabulary for what they are learning about in history- words on display, etc	Pupils will feel confident when talking about their learning in history	Pupil voice planned for Term 2 2024
To check that staff have the resources they need to teach history effectively	SLG to talk to staff about the resources they are using and if anything else is requires	Staff will feel more confident in having the resources they need for their teaching	We are now using the school library service to aid us in our artefacts and books

Ensure that children have first-hand experiences	Staff to research possible trips or acquiring resources, e.g. from the museum	Pupils will have high quality experiences which will have an impact on their learning	A trip planned for Dolphins to Bristol Aerospace as part of their History of Flight topic
